

H_hammam

bagno turco con doccia multifunzione
steambath with multifunction shower

PCE01_180x120 central_entrance

assorbimento / power consumption 4,2Kw

DATI PRODOTTO / PRODUCT INFORMATION

bacino / shower tray	inox 10/10 - AISI_304
pedana / footboard	corian® o custom
copertura anticondensa con audio e illuminazione RGB integrata in corian®	
ceiling anti-condensation with audio and light system integrated in corian®	
controllo digitale / multifunction Touch - hammam / RGB / audio_bluetooth	
illuminazione con cromoterapia / chromotherapy lighting (RGB)	
temperatura d'esercizio	0-50° C
miscelatori / mixers	inox AISI_316L
seduta a ribalta / folding seat	corian®
soffione / shower 35x35 (RGB opz.)	
soffione / shower + cascata 50x35 / cascade (opz.)	
soffione / shower + 2 cascate 70x35 / 2 cascades (opz.)	

DIMENSIONI GREZZO / DIMENSIONS WITHOUT CLADDING

esterne / external*:	1760x1160 - H. 2300mm
interne / inner:	1580x980 - H.med. 2110mm
volume interno / inner volume:	3,3mc
peso / weight:	230kg

* nei lati contro muro la parete grezza del hammam è distanziata di 24/25mm
* the distance between the technical wall of the steambath and the walls is 24/25mm

RIVESTIMENTI INTERNI / INTERIOR FINISHES

custom (finitura cliente) min / max:	4mm / 20mm
corian®:	6mm
vetro stratif. vern. / coated laminated glass:	8mm
marmo_alleggerito / marble_lightened:	20mm
legno_TT / TT_wood:	20mm

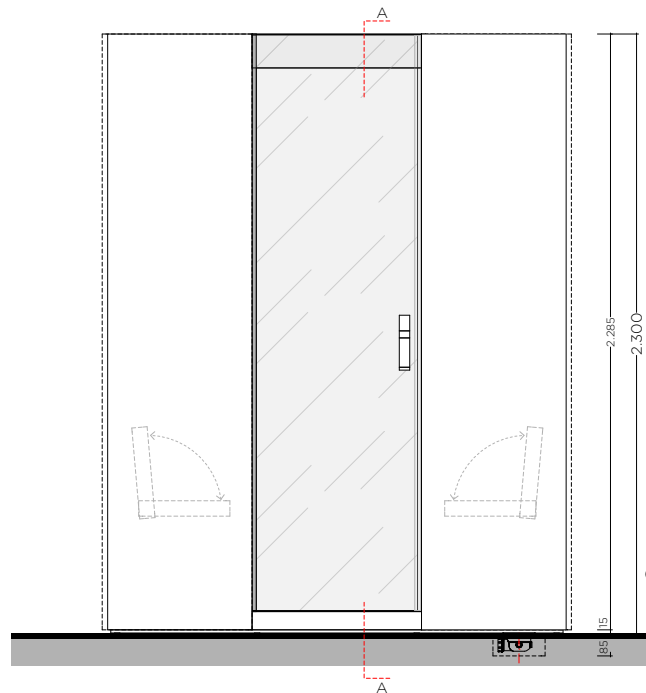

CARATTERISTICHE ELETTRICHE / ELECTRICAL DATA

alimentazione elettrica / electricity supply:	230 Vac ~ 50/60Hz
corrente assorbita / power consumption:	18A
caldaia / steam generator:	3,5Kw
controllo / touch screen:	25W
uscita elettrovalvole / solenoid valve	12Vdc 9W massimi
uscita altoparlanti / speakers	3W + 3W RMS su 8 ohm
anticondensa / anti-condensation system	230W
cromoterapia / cromo therapy:	50W
RGB soffione / shower head with RGB:	4W

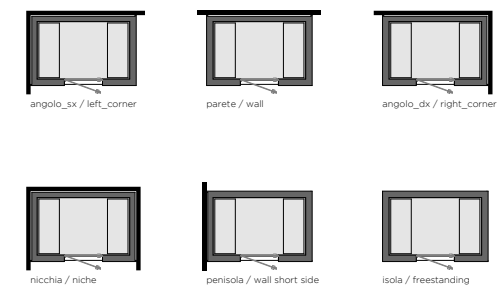

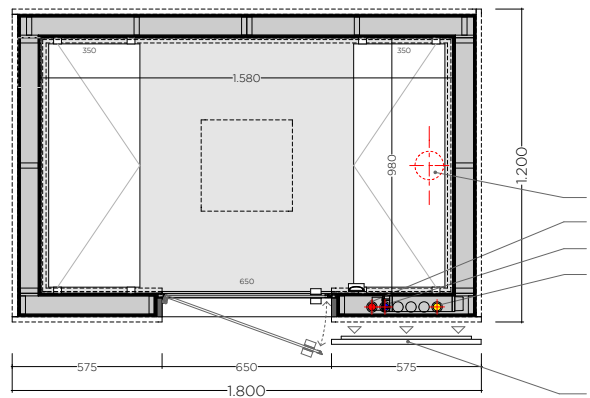

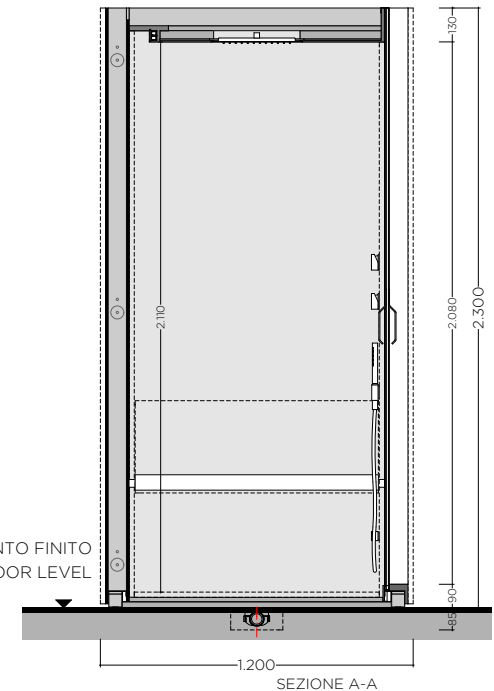

CARATTERISTICHE IDRAULICHE / HYDRAULIC CHARACTERISTICS

piletta / waste:	h.80mm da 3lt/min
pressione esercizio caldaia / boiler pressure:	1,0 / 4,0 bar
diffusori vapore / steam output:	1
produzione vapore / steam production:	4,5 Kg/h
soffione / shower head 30x30	1bar-9,3lt/min. - 5bar-12lt/min.

ALTEZZA MINIMA PER INSTALLAZIONE
MINIMAL HEIGHT REQUIRED FOR INSTALLATION _ 245cm

QUOTA PAVIMENTO FINITO
FINISHED FLOOR LEVEL

1. SCARICO PIATTO DOCCIA (in corrispondenza con parete tecnica)
SHOWER DRAIN (in correspondence to technical wall)
2. ALIMENTAZIONE ACQUA CALDA / HOT WATER INLET
3. ALIMENTAZIONE ACQUA FREDDA / COLD WATER INLET
4. ALIMENTAZIONE ELETTRICA / POWER SUPPLY
5. PANNELLO RIMOVIBILE PER ISPEZIONE PARETE TECNICA
(in corrispondenza allo scarico del piatto doccia)
REMOVABLE PANEL TO ALLOW INSPECTION OF THE TECHNICAL WALL (in correspondence to the shower tray)

H_hammam

bagno turco con doccia multifunzione
steambath with multifunction shower

PLT03_150x120 lateral_entrance

assorbimento / power consumption 3,5Kw

DATI PRODOTTO / PRODUCT INFORMATION

bacino / shower tray	inox 10/10 - AISI_304
pedana / footboard	corian® o custom
copertura anticondensa con audio e illuminazione RGB integrata in corian®	
ceiling anti-condensation with audio and light system integrated in corian®	
controllo digitale / multifunction Touch - hammam / RGB / audio_bluetooth	
illuminazione con cromoterapia / chromotherapy lighting (RGB)	
temperatura d'esercizio	0-50° C
miscelatori / mixers	inox AISI_316L
seduta a ribalta / folding seat	corian®
soffione / shower 35x35 (RGB opz.)	
soffione / shower + cascata 50x35 / cascade (opz.)	
soffione / shower + 2 cascate 70x35 / 2 cascades (opz.)	

DIMENSIONI GREZZO / DIMENSIONS WITHOUT CLADDING

esterne / external*:	1160x1460 - H. 2300mm
interne / inner:	1280x980 - H.med. 2110mm
volume interno / inner volume:	2,6mc
peso / weight:	250kg

* nei lati contro muro la parete grezza del hammam è distanziata di 24/25mm
* the distance between the technical wall of the steambath and the walls is 24/25mm

RIVESTIMENTI INTERNI / INTERIOR FINISHES

custom (finitura cliente) min / max:	4mm / 20mm
corian®:	6mm
vetro stratif. vern. / coated laminated glass:	8mm
marmo_alleggerito / marble_lightened:	20mm
legno_TT / TT_wood:	20mm

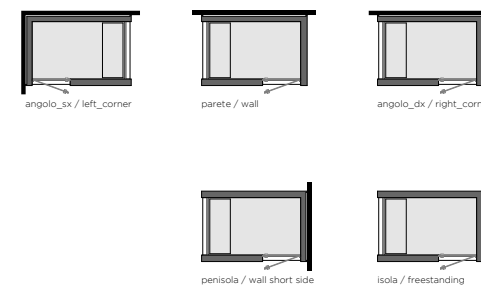

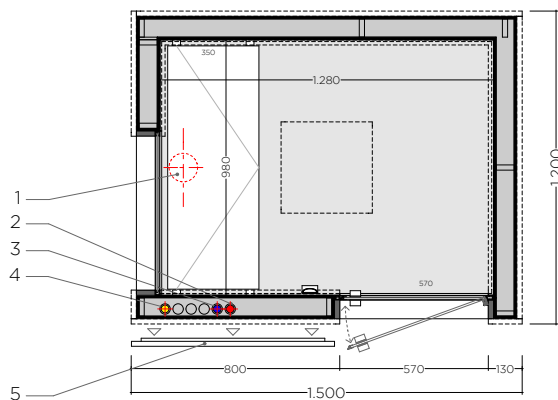

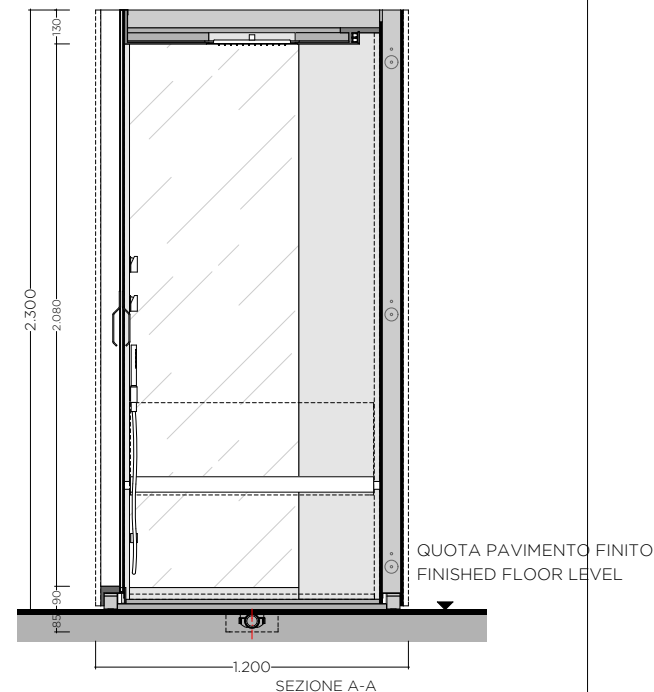

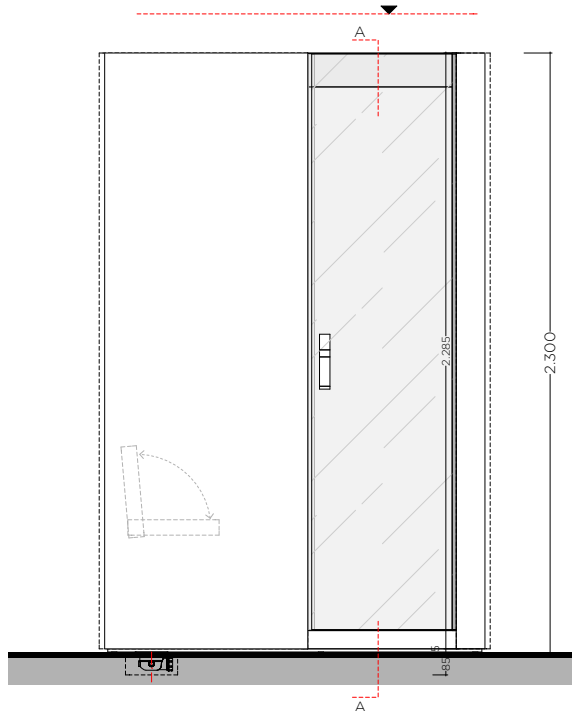

CARATTERISTICHE ELETTRICHE / ELECTRICAL DATA

alimentazione elettrica / electricity supply:	230 Vac ~ 50/60Hz
corrente assorbita / power consumption:	16A
caldaia / steam generator:	3,0Kw
controllo / touch screen:	25W
uscita elettrovalvole / solenoid valve	12Vdc 9W massimi
uscita altoparlanti / speakers	3W + 3W RMS su 8 ohm
anticondensa / anti-condensation system	190W
cromoterapia / cromo terapy:	40W
RGB soffione / shower head with RGB:	4W

CARATTERISTICHE IDRAULICHE / HYDRAULIC CHARACTERISTICS

piletta / waste:	h.80mm da 3lt/min
pressione esercizio caldaia / boiler pressure:	1,0 / 4,0 bar
diffusori vapore / steam output:	1
produzione vapore / steam production:	4,5 Kg/h
soffione / shower head 30x30	1bar-9,3lt/min. - 5bar-12lt/min.

ALTEZZA MINIMA PER INSTALLAZIONE
MINIMAL HEIGHT REQUIRED FOR INSTALLATION _ 245cm

uscita altoparlanti / speakers:	3W + 3W RMS su 8 ohm
anticondensa / anti-condensation system:	280W
cromoterapia / cromo therapy:	57W
RGB soffione / shower head with RGB:	4W

CARATTERISTICHE IDRAULICHE / HYDRAULIC CHARACTERISTICS

piletta / waste:	h.80mm da 3lt/min
pressione esercizio caldaia / boiler pressure:	1,0 / 4,0 bar
diffusori vapore / steam output:	1
produzione vapore / steam production:	5,5 Kg/h
soffione / shower head 30x30	1bar-9,3lt/min. - 5bar-12lt/min.

ALTEZZA MINIMA PER INSTALLAZIONE
MINIMAL HEIGHT REQUIRED FOR INSTALLATION _ 245cm

1. SCARICO PIATTO DOCCIA (in corrispondenza con parete tecnica)
SHOWER DRAIN (in correspondence to technical wall)
2. ALIMENTAZIONE ACQUA CALDA / HOT WATER INLET
3. ALIMENTAZIONE ACQUA FREDDA / COLD WATER INLET
4. ALIMENTAZIONE ELETTRICA / POWER SUPPLY
5. PANNELLO RIMOVIBILE PER ISPEZIONE PARETE TECNICA
(in corrispondenza allo scarico del piatto doccia)
REMOVABLE PANEL TO ALLOW INSPECTION OF THE TECHNICAL WALL (in correspondence to the shower tray)

H_hammam

bagno turco con doccia multifunzione
steambath with multifunction shower

PLT04_240x120 lateral_entrance

assorbimento / power consumption 6,0Kw

DATI PRODOTTO / PRODUCT INFORMATION

bacino / shower tray	inox 10/10 - AISI_304
pedana / footboard	corian® o custom
copertura anticondensa con audio e illuminazione RGB integrata in corian®	
ceiling anti-condensation with audio and light system integrated in corian®	
controllo digitale / multifunction Touch - hammam / RGB / audio/bluetooth	
illuminazione con cromoterapia / chromotherapy lighting (RGB)	
temperatura d'esercizio	0-50° C
miscelatori / mixers	inox AISI_316L
seduta a ribalta / folding seat	corian®
soffione / shower 35x35 (RGB opz.)	
soffione / shower + cascata 50x35 / cascade (opz.)	
soffione / shower + 2 cascate 70x35 / 2 cascades (opz.)	

DIMENSIONI GREZZO / DIMENSIONS WITHOUT CLADDING

esterne / external*:	2360x1160 - H. 2300mm
interne / inner:	2180x980 - H.med. 2110mm
volume interno / inner volume:	4,6mc
peso / weight:	380kg

* nei lati contro muro la parete grezza del hammam è distanziata di 24/25mm
* the distance between the technical wall of the steambath and the walls is 24/25mm

RIVESTIMENTI INTERNI / INTERIOR FINISHES

custom (finitura cliente) min / max:	4mm / 20mm
corian®:	6mm
vetro stratif. vern. / coated laminated glass:	8mm
marmo_alleggerito / marble_lightened:	20mm
legno_TT / TT_wood:	20mm

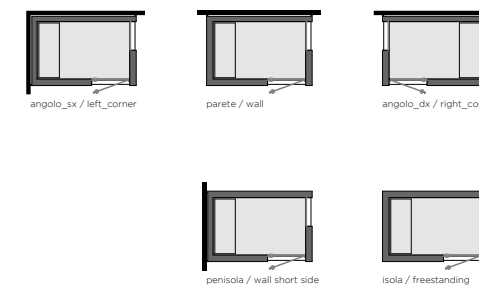

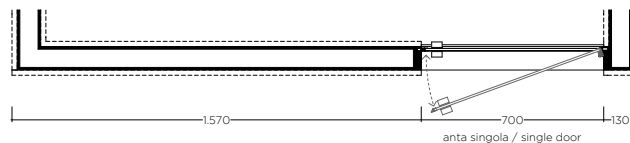

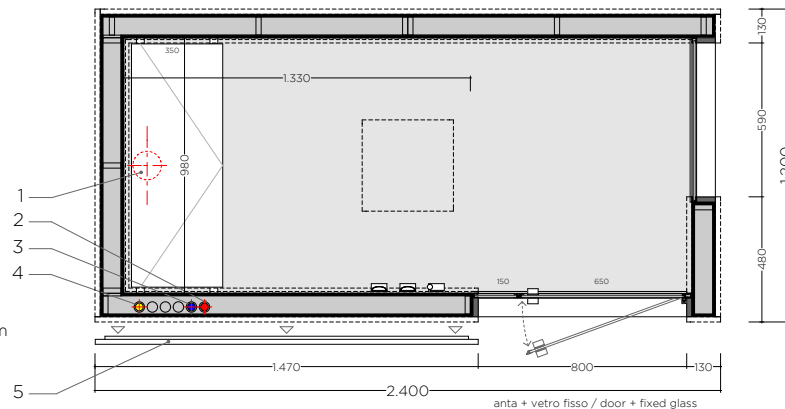

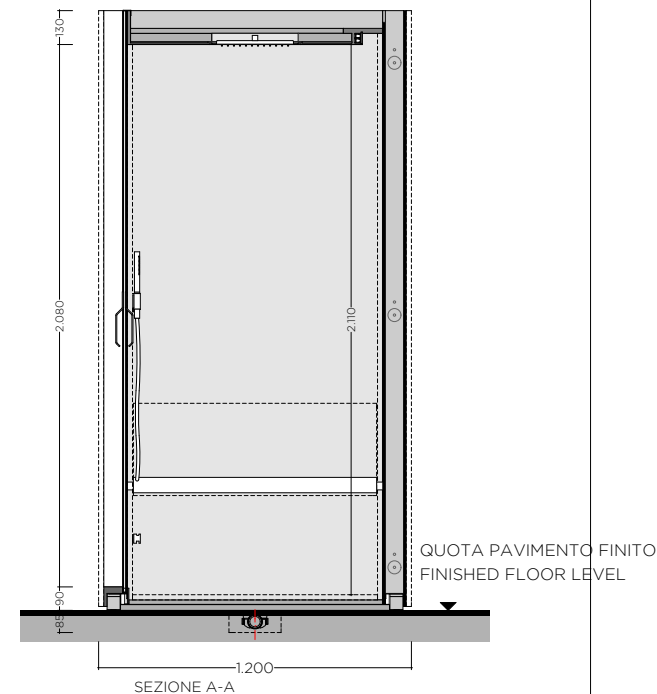

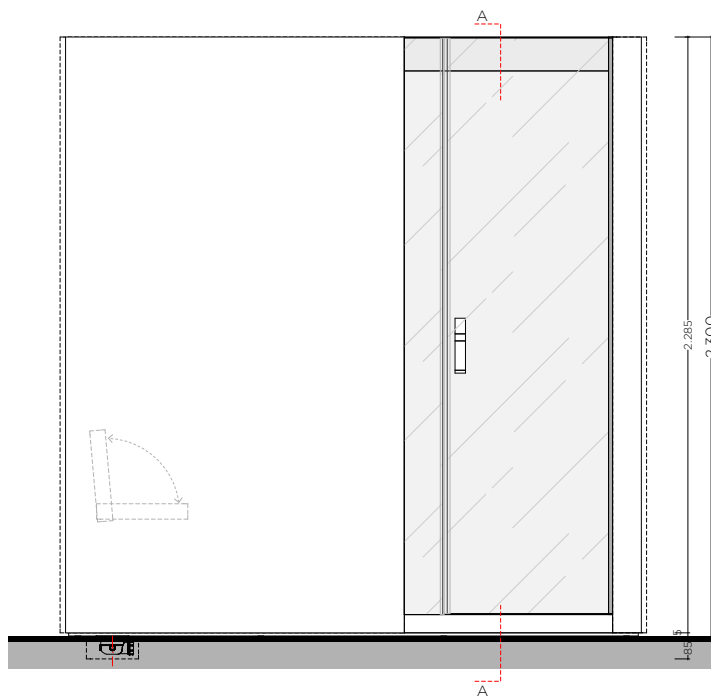

CARATTERISTICHE ELETTRICHE / ELECTRICAL DATA

alimentazione elettrica / electricity supply:	230 Vac ~ 50/60Hz
corrente assorbita / power consumption:	27A
caldaia / steam generator:	5,0Kw (2+2)
controllo / touch screen:	25W
uscita elettrovalvole / solenoid valve	12Vdc 9W massimi
uscita altoparlanti / speakers	3W + 3W RMS su 8 ohm
anticondensa / anti-condensation system	330W
cromoterapia / cromo therapy:	70W
RGB soffione / shower head with RGB:	4W

CARATTERISTICHE IDRAULICHE / HYDRAULIC CHARACTERISTICS

piiletta / waste:	h.80mm da 3lt/min
pressione esercizio caldaia / boiler pressure:	1,0 / 4,0 bar
